Good Morning Lorena,

Please do not interpret Bruce's noise complaints as coming from the management of this building.

We are very happy to receive the services such as pressure washing and most of us do understand time constraints.

Thank you for providing this important sanitation service to our building as the homeless and dogs in San Pedro create quite a mess around the buildings.

Keep up the great work!

-Karen

Lorena

Today, once again, your pressure washing crew was out side our building before 7am.

Once again, I am writing to you to let you know this is inconsiderate of the residential stakeholders, and illegal.

How many times does this issue have to be brought to your attention before you deal with it?

Bruce Ecker

Lorena,

Your pressure washing service was working on Center Street between 6th and 7th this morning at 6:30 am.

This is a violation of the city notice ordinances... please contact the LAPD Noise Enforcement Team to confirm that this activity is prohibited before 7am.

I would like you to contact your vendor, explain the prohibition against this activity prior to 7am, and CC me on the correspondence so that I know you have dealt with this matter....

Bruce Ecker
